OFFICE OF THE TOWN MANAGER

RICHARD D. CARNEY MUNICIPAL OFFICE BUILDING 100 MAPLE AVENUE TEL. (508) 841-8508 FAX (508) 842-0587

To:

Board of Selectmen

Finance Committee

From: Daniel J. Morgado

Date: January 25, 2006

Re:

Fiscal Year 2007 Budget

Pursuant to Section 16 of the Town Manager's Act, attached is my recommended budget for Fiscal Year 2007 together with all accompanying backup materials and analysis.

I have taken a different approach on the filing of this budget from previous years. In the past, I have filed what I consider to be a "Level One" budget which is a budget that I felt necessary to meet the community's needs and challenges in the ensuing fiscal year. This would then lead "Level Two", "Level Three" and "Level Four" versions of the budget as we worked closer to the town meeting in order to meet the ultimate goal of the balanced budget presentation at the Annual Town Meeting.

In light of the continuing fiscal difficulty of the community, I have bypassed my "Level One" budget and filed with you what I consider to be a "Level Two" budget. I have added an additional exhibit this year (Figure 14) which contains a supplemental budget request to provide additional funds to those departments that I feel are being seriously shortchanged by the "Level Two" budget contained herein.

For the first time in my tenure, I must regretfully inform you that I feel we are failing to keep pace with the service needs of this community and I expect that in Fiscal Year 2007 several of the various municipal departments will regress in service levels.

To illustrate this point, I have added an additional exhibit as shown as Figure 13 which I entitled as an "At-A-Glance Report" to provide a graphical display of where we are falling behind among selected departments.

The spending plan enclosed totals \$88,906,369 which includes an operating budget of \$83,095,950, State, County and Local charges of \$1,627,551, capital budget of \$1,495,868 and warrant articles totaling some \$2,687,000.

Unlike previous years when I would await my "Level Two" budget recommendations, I have made a more aggressive attempt to estimate revenue for the ensuing fiscal year. I have incorporated for instance, the state aid numbers released by the Governor this morning. I have also shown an increase in local receipts which is usually not my standard procedure as I am reluctant to make projections in local receipts with so few months of the current fiscal year completed. I've taken a more aggressive

approach due to the serious fiscal picture that I see developing in this community in Fiscal Year 2007 and beyond.

The budget I file today is at least \$4,406,033 out of balance.

I plan to close this gap during the budget deliberation process by adjusting revenue and/or by making additional reductions in the spending recommended. I will have a better sense of the Town's fiscal picture once the House Ways and Means Committee releases its review of the Governors House Bill One State Aid figures and when I receive the formal health and general insurance renewals for Fiscal Year 2007.

There are four budget challenges that are contained within this budget consisting of:

- 1. Flat local property tax revenues
- 2. Increases in operating support expenditures in the areas of health insurance, pensions, gasoline and fuel costs and Medicare expenses
- 3. Impact of growth and demand for services
- 4. State charges which for the first time will exceed \$1 Million.

I direct your attention to the various exhibits that follow this budget message, which outline various components of this proposed budget and include historical analysis of various revenue and charge categories. I ask that you review these exhibits very carefully and to ask any questions to allow for further elaboration:

FIGURE	TITLE	PURPOSE
One	Fiscal Projection One	Shows actual and projected revenue and charges for Fiscal Year 2006 and 2007. I have included for the projection notes that I use in making my estimates for your review and comment.
Two	Projections of New Growth	Shows historical and projected new growth together with a historical summary of selected building permit activity. Note that in Fiscal Year 2006, the Town experienced its lowest level of new growth since the early 1990's.
Three	Schedule A Receipts	Historical summary of actual receipts for the Fiscal Years 1999 to 2005, the current year's estimate and the projected local receipts for Fiscal Year 2007.
Four	State Aid & Charges	Historical summary of State Aid & Charges for the Fiscal Years 2000 to 2006, and the projected forward for Fiscal Year 2007.

Five	Tax Rate Recapitulations	Historical summary of Tax Recapitulations for the Fiscal Years 2000 to 2006.
Six	Debt Service Projection	Debt service projection for all authorized and issued permanent debt.
Seven	Free Cash Estimate	Estimated Free Cash balance as of July 1, 2006.
Eight	Trial Recapitulation	Trial recapitulation to determine surplus or deficit based on the current revenue and charge estimate.
Nine	Capital Budget Summary	Summary of capital requests of all departments for the period of Fiscal Year 2007 to 2011.
Nine-A	Capital Budget Recommendations	Summary of how I recommend addressing the Capital Budget request for Fiscal Year 2007.
Ten	Surplus Revenue Account	Historical summary of surplus revenues and Free Cash for the period of 1984 to 2005
Eleven	Health Insurance Enrollment	A historical summary of health insurance enrollment trends.
Twelve	Analysis of Net School Spending	Net School Spending information for the period Fiscal Year 1995 to 2006
Thirteen	At-A-Glance Report	Graphical summary of how selected departments are coping with service demands.
Fourteen	Supplemental Budget	Supplemental budget for selected departments impacted by the Level Two budget filed herein.

REVENUE

I am projecting a total revenue stream of \$84,500,336 in Fiscal Year 2007. The bulk of this revenue is derived from three sources; \$40,121,959 by way of using the full tax levy capacity of the Town; \$600,000 in projected new growth and \$3,746,563 in exempted tax levy to fund that portion of the debt service associated with the Floral Street School, High School Land Purchase, Open Space Land Purchase Projects, High School, Oak Middle School and Allen property purchase. Based on use of the full levy, I project a Fiscal Year 2007 tax rate of \$9.38 per thousand up from the current rate for Fiscal Year 2006 of \$9.24. The tax rate increase will be moderated by any additional non tax levy funding, increased new growth, reductions in the levels of spending and changes in the assessed values of all real and personal property. When this is all said and done, the actual Fiscal Year 2007 tax rate will fall below \$9.00 per thousand.

As stated above, I have adjusted funded State Aid to reflect the Governor's announcement of this morning. We continue to do quite well in increases in Chapter 70 funding and for the first time in many years, we will have increase in non-educational aid. Unfortunately, these increase do not keep pace with spending growth among the various departments.

I am recommending the use of \$1,750,000 in Free Cash to fund various accounts and for reduction of the tax levy to meet the constraints of "Prop 2 ½". This is the least of any previous years resulting from the continuing deterioration of the Free Cash balance since Fiscal Year 2002 (See Figure Seven).

I am projecting an increase in Schedule A Receipts for two reasons:

- 1. I am in the process of reviewing and where necessary increasing fees in every department to better reflect the marketplace. We are finding in instance after instance, our fee structures trail those of area communities. A number of departments have made the modifications already and the remaining will do so by the start of Fiscal Year 2007. It will cost more to operate a business in Shrewsbury in 2006 and beyond in addition to those instances when residents are in need of specific service or program.
- 2. I sense that we have hit the bottom relative to receipts and expect and improving economy over the next (12) months.

I will continue to monitor the current year's receipts and make necessary adjustments as we approach Town Meeting. I am particularly interested in learning the value of our first three motor vehicle excise commitment that will prove to be an indicator as to where that very important account is heading.

I also propose using \$275,000 from the special fund account for coal ash revenues to partially offset solid waste collection and disposal costs.

The balance of revenue reflects transfers to cover expenses associated with the sewer, light and CATV operations of the Town.

CHARGES

Charges have increase substantially resulting from increases in the Overlay Account, MBTA assessment, School Choice and Charter School Tuitions and I direct your attention to Figure 4.

DEBT SERVICE

A more detailed explanation of the current debt service position of the Town is shown in Figure Six (attached) and within the Debt Service Budgets (Departments 0710, 0751 & 0752). We are seeing a substantial decrease in debt service expenses in Fiscal Year 2007 as we move aggressively to pay down our debt.

OPERATING BUDGET

The proposed \$83,095,950 operating budget contains only (1) new Jr. Civil Engineer position in the Water & Sewer Department. The balance of increases are the result of maintaining existing service levels or other requirements such as contractual increases, the number of election (E&R), cyclical revaluation (Assessors), energy costs, etc.

The following is a summary of the budget by department (Note Personnel Board does not include funding for modifications to pay and classification plan and to fund contracts with the various employee groups):

	Fiscal Year 2006 Budget	Fiscal Year 2007 Department Request	Fiscal Year 2007 Current Recommendation	TM Increase Over FY 2006	Percent
PERSONNEL BOARD	\$375,600	\$600	\$600	(\$375,000)	-99.84%

Budget Less Education	\$40,054,351	\$43,616,699	\$41,736,998	\$ <u>1,682,647</u>	4.20%

I direct your attention to the detail sheets accompanying each request which outline the staffing levels of each department together with any new budget initiatives or equipment being proposed for funding.

SCHOOL BUDGET

I am carrying at this time a School Budget of \$41,358,952, which is a 9.81%, increase over Fiscal Year 2006. I am carrying this number as a means to file this budget but in no way do I believe this community can fund such a large increase based on the currently available revenue stream.

As of this writing, the School Budget is still under review by the School Committee and I will provide my analysis and recommendation under separate cover once I have had a chance to review their actual request.

WARRANT ARTICLES

I am proposing the following warrant articles:

PAY AND CLASSIFICATION FUNDING	\$500,000
MEDICAL EXPENSES POLICE & FIRE	\$2,500
FY 2006 DEFICITS	\$500,000
CAPITAL BUDGET	\$1,495,868
CEMETERY IMPROVEMENTS	\$25,000
BILLS OF PRIOR YEAR	\$2,500
STORM DRAINS	\$100,000
GENERAL SIDEWALK REPAIRS	\$75,000
CONSTRUCTION/EXTENSION OF SEWERS	\$300,000
WATER SYSTEM IMPROVEMENTS	\$860,000
COUNSELING AND EDUCATIONAL SERVICES	\$72,000
ATM WARRANT ARTICLE RESERVE	\$250,000
TOTAL	4,182,868

Enclosed herein is the entire capital schedule submitted by all departments for the period of Fiscal Year 2007 to 2011 (Figure Nine) that I ask you to review carefully as there are a number of projects requested in Fiscal Year 2007 that I am not recommending for funding (see Figure Nine-A).

I will file under separate cover additional proposed water system improvement projects reflective of the needs of that department.

CONCLUSION

This budget filing is clearly in need of a great amount of work but can serve as a basis to begin discussion as to how we will approach the fiscal challenges facing this community in Fiscal Year 2007.

We have our work cut out if we are to maintain existing levels of service within the current revenue structure of this Community and of the Commonwealth.

I am available to meet with you at your convenience.
